Re: Annual Review of Base Rates for Fuel Costs of Duke Energy Progress, LLC  
Docket No. 2018-1-E

Dear Ms. Boyd:

On April 27, 2018, Duke Energy Progress, LLC (“DEP” or the “Company”) filed with the Commission direct testimony related to the annual review of base rates for fuel costs of DEP, which included an exhibit for Company witness George Brown showing the proposed revisions to Renewable Net Metering Rider RNM.

Enclosed for filing, please find the corrected exhibit of Mr. Brown. In Mr. Brown’s originally filed exhibit, the footer in the proposed tariff record indicated that Rider RNM-6 would be “[e]ffective for *bills* rendered on and after July 1, 2018.” The footer should have read “[e]ffective for *service* rendered on and after July 1, 2018.” This error has been corrected with the attached filed exhibit.

No other changes have been made to the testimony or exhibits. Please replace the previously filed version of Mr. Brown’s exhibit with the attached revised version. By copy of this letter a copy of same is being served on the parties of record. Should you have any questions regarding this matter, please do not hesitate to contact me at 803.988.7130.

Sincerely,  
  
Rebecca J. Dulin

Enclosure
